

DAVID MORGAN

Baltimore, MD |

| Data Science

EDUCATION

University of Maryland, Baltimore County

B.S. in Computer Science, Data Science track

Expected Spring 2028

EXPERIENCE

AI Research Intern

Federal Health Data Office

Fall 2026

- Supported research work involving federal health data; add the research question you addressed.
- Describe how you prepared, checked, or summarized data and which tools you used.
- Add a measurable result, such as records reviewed, analysis improved, or findings shared.

PROJECTS & LEADERSHIP

Bitcamp Hackathon

Fall 2025

- Grand prize participant; add the project problem, your technical contribution, and the outcome.

Transfer Student Peer Mentor

Fall 2025

- Supported transfer students through the Transfer Student Alliance; describe the guidance you provided.

Analytics Case Competition Team

Fall 2025

- Regional qualifier; add the analysis, presentation, and teamwork that led to the result.

CERTIFICATIONS

Machine Learning Associate - Applied Intelligence Institute, Fall 2026

Project Management Associate - Cadence Project Institute, Fall 2026

COURSEWORK

Foundations of Computer Science II (CMSC202) - C++, Object-Oriented Design

Discrete Structures (CMSC203) - Discrete Math, Proof Technique

Calculus and Analytic Geometry I (MATH151) - Calculus

TECHNICAL SKILLS

Languages: C++

Concepts: Object-Oriented Design, Discrete Math, Proof Technique, Calculus
